

## August pet treat news

Hello everyone

It's time for another (semi-regular) update on Farmhouse Pet Treats.

Our range of products continues to grow

Duck! We've managed to secure a supply of Australian **duck jerky**, **wings**, and **feet** for our range and they're proving to be very popular

**[Black Soldier Fly larvae - Bugs!](#)** (for chickens, reptiles, etc.)

*and coming very soon*

**Chomp - bone marrow chews** in several flavours

## Novel protein treats

A novel protein is a protein source that is a rare ingredient in generic pet food, making it a new protein that your dog has not tasted yet.

These are often sought out to avoid common food allergies to regular dog food ingredients such as beef or chicken. Our novel protein range includes proteins such as [Crocodile](#), [Duck](#), [Deer/Venison](#), [Goat](#), [Fish](#) and [Kangaroo](#) - and we're committed to expanding this range over time.

## Single ingredient pet treats

We know many of you are looking for single ingredient pet treats. Luckily, plenty of our treats are just that: a pure single ingredient with nothing added. We've rejigged our website to make it easier to shop for these - just click on [Single Ingredient](#) on the menu.

## Treats for Cats?

You bet! We have a range of pet treats just Purrfect for our feline mates! You'll find these at markets by the **pink dot** on the price sign, or on our website by clicking on For Cats. [Shop for cat treats](#)

## Markets update

We'll continue to be at the Capital Region Farmers Markets every Saturday morning throughout the year.

The Yass Railway Museum Artisan Markets are now in hibernation, returning in September.

Other Sunday markets vary throughout the year; we are looking for some new Sunday markets to attend - drop us a line if you know of any.

## Social media update

You may Facebook locked us out last December and that took us nearly six months to fully resolve. Well, we've now been restricted from posting photos or videos to pages or groups. Meta (Facebook's owner) will not give any context or reason for this.

We are working on solutions so we can again interact with you on Facebook, share market info, and, of course, our Visiting Doggo Stars photos.

We're excited to announce the launch of our sister store, [Pet Treat Warehouse](#).

This will feature a range of Australian-made single-ingredient pet treats in bulk bags. The same treats you know and love! Stock is limited to begin with but will grow.

---

On behalf of our awesome team - and our resident taste-testers, Ginni and Hayley - I thank you for your continued support, and I hope our treats continue to bring smiles to you and your pets.

Andrew
