October pet treat news

Hello everyone

The warmer weather is certainly with us now; we're loving this time of year.

Something fishy!

Dogs and cats love our 100% Australian sustainably-caught seafood range

Full of essential oils and nutrients, with a flavour our pets adore.

- [fish bites](#), a light and easy one-bite crunch your pets will keep coming back for. Packed with lots of yummy fish, they're also great for using in boredom buster or treat toys
- [fish jerky](#), just dried Australian mackerel, is a great small chew, being a mixture of tough outer skin and a meaty centre
- [fish twists](#), cartilage with mackerel jerky wrapped around - a good chew
- [sardines](#), light and crunchy, sardines are a favourite for smaller dogs and for cats
- [shrimp](#), dried mantis shrimp is a unique source of antioxidants and anti-inflammatory nutrients

We've just negotiated a supply of exciting new dried seafood products - watch for our announcement next month!

Single-ingredient pet treats

Chomps

We introduced our marrow [Chomps](#) last month and they've been extremely popular long-lasting chew.

A Xoloitzcuintle customer, *Bean* (pictured) enjoys a nibble each evening it's still going a week later. and our resident lab tester, *Ginni*, averages 1hr 20min for one.

Chomps are great for teeth cleaning and for your dog's health. 100% Australian-made and available in [beef liver](#), [peanut butter](#), [goat milk](#), or [bacon](#) (more flavours coming soon!)

Can you help us with a [Google review](#)?

Google doesn't recognise our web store reviews, which slows our search results. [Google reviews](#) will help more people find us online, and we'd love that
